ATHLETIC SKILLS

Feet

4 - Slightly Above Average

Comments

Fair agility. Length to actions. Looks like his feet are trying to catch up with his growth spurt. It's there, just needs patience and reps.

Hands

4 - Slightly Above Average

Comments

Not flashy, hands are reliable. Much of the inconsistencies with rythm are strength oriented. Once he gets stonger, his feet and hands will improve.

Reactions

5 - Above Average

Comments

Very good anticipation. Always alert.

Body Control

4 - Slightly Above Average

Comments

He moves well, but there is a lot of movement going on with him. Needs to be concise and efficient with his movements and actions.

Strength

4 - Slightly Above Average

Comments

Good frame and build to stack muscle on in the future and keep flexibility.

Physical Development

4 - Slightly Above Average

Comments

Nice frame, wide shoulders, tight waist, wirey muscled build. The skills are above average and the physical maturity is just average.

BASEBALL SKILLS

Fielding

4 - Slightly Above Average

Comments

His glove mechanics need work. Has a tendency to flip the glove back and forth on the way to the ball. His hands are fine, he catches what he gets to for the most part.

Range

4 - Slightly Above Average

Comments

Good side to side and less so with depth plays at range.

Running

4 - Slightly Above Average

Comments

Gangly runner. Moves well but not a burner.

Arm Strength

4 - Slightly Above Average

Comments

3/4 slot. Gains ground, good direction, arm plays.

Arm Accuracy

4 - Slightly Above Average

Comments

Slingy stroke, works from different angles. Some tailing actions to throws.

Hitting Ability

4 - Slightly Above Average

Comments

I like his pitch recognition and overall approach. Likes to see pitches. Wide base to hit with slight crouch. Spray hitter, spray singles. Contact guy.

Power Potential

4 - Slightly Above Average

Comments

More singles spray than power in his offensive approach.

PLAYER SUMMARY

Summary/Action

SS with decent actions and instincts. Knows how to play. Nothing special, but everything solid, steady Eddie type. Primary development need is strength which should help improve his agility and body control.
