ATHLETIC SKILLS

Feet

5 - Above Average

Comments

Light and quick on his feet. Runs well. Quickness and agility plays.

Hands

5 - Above Average

Comments

Soft, sure hands, everything clean. Looks like he could play SS or 2B just as well.

Reactions

5 - Above Average

Comments

Ready every pitch defensively. Even on foul balls, his feet were there. Aggressive swings at the fastball. Head in the game.

Body Control

5 - Above Average

Comments

Agile, quick, moves easy. Good body control.

Strength

4 - Slightly Above Average

Comments

More athletic strength than natural strength. He has the strength to move the barrell and the overall body quickness and strength that plays at this level.

Physical Development

4 - Slightly Above Average

Comments

Medium size, slender, solid. Still more adolescent than advanced with physical maturity.

BASEBALL SKILLS

Fielding

4 - Slightly Above Average

Comments

Played 3B well. Both games seen. Nice backhand play down the line. Everything R/L catch R/L throw with reps in between innings.

Range

4 - Slightly Above Average

Comments

Good on the ready position, proper angles. Solid. Quality.

Running

4 - Slightly Above Average

Comments

Good mover, good stride, runs easy, not a burner but he runs well. Certainly plays on the bases.

Arm Strength

4 - Slightly Above Average

Comments

Line carry, proper rotation, solid/quality.

Arm Accuracy

5 - Above Average

Comments

Throws to chest. Catch play and preparation was good. 3/4 slot very consistent.

Hitting Ability

5 - Above Average

Comments

Consistent hard contact. Line drive, spray approach, balanced setup and swing. Very good ball/strike and pitch recognition. Can handle the fastball.

Power Potential

4 - Slightly Above Average

Comments

More of a gap to gap line drive guy than a strength and raw power guy. If he does develop power, it will be the last tool to come.
