PLAYER SUMMARY

Summary/Action

Strong athletic young man with chance to play beyond high school and perhaps further. Physical player with solid defensive skills. Catches and throws well. Solid receiver that presents clear target for pitchers and umpires. Concerned about bat at this point. Stroke is long and needs to shorten. Line drive gap to gap approach will allow for him to develop the power he has. Will be a middle of the line up run producer if hitting mechanics are corrected. Need to focus on making hard consistent contact and let ball fly where it may. Get launch angle and exit velo out of hitting thoughts. Chance to be a solid catcher in the future.
