Evaluation Date
Saturday, June 19, 2021

ATHLETIC SKILLS

Feet

5 - Above Average

Comments

Live, alert body with quick feet and movements.

Hands

5 - Above Average

Comments

Good hand/eye coordination. Athlete.

Reactions

5 - Above Average

Comments

Alert and active body. Anticipates well. Reads ball off bat. Creates good angles to ball.

Body Control

5 - Above Average

Comments

Very athletic movements. Alert, quick feet creating a very good outfielder.

Strength

5 - Above Average

Comments

Wide back, long arms, rounded shoulders tapering to small waist. Projectable body and room for strength gains.

Physical Development

4 - Slightly Above Average

Comments

Some good strength already evident and more to come.

BASEBALL SKILLS

Fielding

5 - Above Average

Comments

Alert reactions with quickness in feet and athletic ability.

Range

5 - Above Average

Comments

Good anticipation off the bat. Reads ball well in outfield.

Running

5 - Above Average

Comments

Quick feet, good stride and strong runner.

Arm Strength

5 - Above Average

Comments

Good carry on throws to target.

Arm Accuracy

5 - Above Average

Comments

Hits what he's looking at. All throws on target.

Hitting Ability

5 - Above Average

Comments

Quick hands relate to quick bat. Hands don't lie. Keeps it short to ball and strikes ball with hard contact for line drives and hard groundballs.

Power Potential

3 - Average

Comments

Will hit some in future but will not be a power corner guy.

PLAYER SUMMARY

Tremendous upside to this baseball player. Actions in field and quickness in bat with good hand/eye skill. Barrels ball up with line drive stroke. No apparent mechanical issues in any part of his game. Should become a Pro player if he chooses to go this route. A productive offensive doubles producer with good defensive skills in a very projectable body. Normal development and physical maturity will allow this young baseball player much success.
