PLAYER SUMMARY

Summary/Action

Plus defender here that will be a solid high school player. Has a chance to play beyond high school. Strong defender that plays 1B at a high skill level. Has ability to play other position on field or even pitch, but skills at 1B are game changing. Swing is a concern at this point. Swing gets long at times as he seems to be looking to lift the ball. Needs to correct this approach and replace it with a consistent line drive mentality. Body underdeveloped at this time but as he fills out more gap power will show. Solid player here that plays with passion and shows leadership abilities.
