PLAYER SUMMARY

Summary/Action

Solid young multi position player with ability to play past high school. Saw him pitch and play SS. Looks to have better future as position player. FB/CB mix at present with FB primary pitch. CB not a viable or consistent pitch at this time. Drops elbow and rushes trying to create spin. Needs to get the feel of throwing CB as he does the FB. Lean athletic frame with room to put on muscle. This is a solid player with upside yet to be tapped into.
