## Comments

\* Curveball: 1-6 action, early hump with consistent tight rotation and bite change of direction, solid Major League Quality right now at all times. In 5 Innings threw 1 of below average Major League Quality in the dirt, and threw 4 of above average Major League Quality. Now and future Out Pitch with further projection

\* Changeup: Straight Change; threw one; keeps it down; slows body & arm, aiming it; needs work

# PLAYER SUMMARY

## Summary/Action

Very special package; separates himself; threw a 5 Inning perfect game in the Semi-Final against a good team: 15 Batters Faced, 0 hits, 0 BB, 0 Runs,

1 Pop Out to 2B, only 4 Foul Balls hit, 14 Strikeouts = 8 on Fastballs, 6 on Curveballs; I have been blessed to see 5 Pitchers in their youth of this quality during my career, among them Josh Beckett & Clayton Kershaw - this young man is in that gifted class; if he continues to work he has a strong chance to be an Early 1st Round Draft Pick out of High School, in the Professional Baseball Amateur Draft, and a Dominant Division I College Starting Pitcher
