PLAYER SUMMARY

Summary/Action

Solid piece of the defensive puzzle. Plays off other infielders well, anticipates action and always seems to be in the right place with little effort. Athletic body, quick movements, and shows base running prowess. Good baseball IQ, hits to situation, will hit behind runners, moving to scoring position, or driving them in by making adjustments. Tendency to jump out at the ball early in the count and will need to work on patience and execution as a role player in the line up at high school/college level.
