## PLAYER SUMMARY

Good looking young LH hitting RF'er with a strong athletic body and above average tools across the board now. Shows defensive instincts in RF with plus arm and solid glove work. Good runner, smart on base paths with feel to swipe a few bags. Like the hit approach, makes consistent barrel contact, sprays in around and it's exciting power potential. This is what they look like and he's not even in HS yet. Best advice is to never settle and continue to put in the work to get better everyday.
