Consistent rhythm, balance, tempo, direction, land and ext to finish. Repeats. Very good delivery and approach to pitch for his age.

## Control

5 - Above Average

## Comments

Locates/commands his three pitches for strikes and mixes pitches well.

## Fastball

4 - Slightly Above Average

## Comments

His velocity plays better than the radar reading. It's a downhill fastball with late finish. Run and sink action to 2 seamer.

## Off Speed

5 - Above Average

## Comments

Love this guy's CB. 12/6 deuce with consistent spin and shape. Deceptive. Makes his FB 2-3 mph better. Consistent for strikes.

## PLAYER SUMMARY

Tall angular LHP with plus command control of FB and a nasty hook. The change plays well too and thrown for strikes. Surgical in his approach to pitched. Faced a deep lineup and held them in check. Played solid the whole weekend. Sleeper. not a velo guy but the secondary stuff and feel to pitch play at a high level.
