Opens front side too soon at times. Drags arm through. Rushes. Landing softer in same spot with stride will allow more consistent release.

Fastball

5 - Above Average

Comments

Sink action. Ground ball producer.

Off Speed

4 - Slightly Above Average

Comments

Slow, 3/4 shape CB. Sink/fade CHG. Loses velocity on CB. Doesn't maximize rotation. Doesn't keep ball over wrist when throwing. Cups hand. Good feel for CHG to complement. FB.

PLAYER SUMMARY

Tall, slender athlete with natural sink action FB producing a lot of groundballs. Mixes in slow 3/4 shape CB. Must firm up grip and keep ball over elbow to maximize velocity and rotation on pitch. Also throws sink/fade action CHG to complement FB. Threw a lot of pitches and a lot of strikes. Support behind him was suspect. Liked his energy and focus. Took care of business and didn't lose composure. Will contribute beyond high school.
