Solid defensive actions for 2B or 3B. Can play short, but next level positions be most effective at second or third.

Quick twitch movements, shows range far above age/competition level he plays at, in control, and able to execute.

Strong arm, more than adequate to play middle or corner infield at next level.

Accurate and strong, with carry, on target, chest high throws, in traffic on the turn and high pressure situations.

### **Hitting Ability**

### **Power Potential**

4 - Slightly Above Average

### **Comments**

With mechanical and approach adjustments, power potential is above average. Needs work to get to this point.

## **PLAYER SUMMARY**

### **Summary/Action**

Solid anchor up the middle, consistent and plays with confidence. A leader on his team on both sides of the ball. Not flashy, Davis is a fundamentally sound player that sets tone for his team defense. Executing under pressure and late innings, a definite go to guy. High baseball IQ, been coached and developed very well to this point. short quick stroke with bat, shows bat speed and ability to spray the ball with authority and let his speed be the weapon. Can get out of his approach with a tendency to swing I title too freely, needs work with staying consistent in his approach and letting power come as he matures.
