# **PLAYER SUMMARY**

## **Summary/Action**

Scrappy player, stand out in his age group. Easton, despite his physical size, is a presence on the field. His quickness, speed and intensity between the lines make him a spark plug and table setter for his team. His bat plays above average using the whole field to get on base and drive runners in from the lead off spot. His ability to cause chaos, steal bases and force the action on the base paths makes him a fun player to watch. A hard working catcher, and defensive asset with a strong accurate arm, he does need work to polish up his defense, footwork and turn himself into a true "receiver" and not just a kid who catches if he is to continue playing the position at next level and beyond.
