## **PLAYER SUMMARY**

### **Summary/Action**

Athletic player with chance to play beyond high school. Solid defensive skill set that will keep him at SS. Does pitch but better suited to play everyday. Has offensive ability but hitting approach is a problem at this time. Dead pull stroke limits his use of the field. Needs to learn how to make adjustments at the plate. Learning to use the whole field would be a start. Overswings at times which causes him to lose sight of the ball. Basic see ball hit ball where pitch is where he needs to focus. Solid player here with plus ceiling with corrections.
