Fielded position well off mound.

### Reactions

4 - Slightly Above Average

### Comments

Alert and quick response.

## Body Control

5 - Above Average

## Comments

Athletic delivery and movements on mound.

## Strength

5 - Above Average

## Comments

Definitely exceeds for normal 14 yr old.

## Physical Development

5 - Above Average

## Comments

Strong lower 1/2 appearance with comparable torso strength.

# BASEBALL SKILLS

## Arm Action

4 - Slightly Above Average

## Comments

Strong with some low elbow release. Must create more of a circle with hand to get elbow up and behind in proper position at least as high as shoulder on release. Correctable.

## Throwing Effort

4 - Slightly Above Average

## Comments

Comes out of hand with little effort.

## Arm Strength

5 - Above Average

## Comments

For age, throwing 76-78 velocity FB is very good. Creating more extension out of glove will allow development of increased velocity with physical maturity.

## Delivery

5 - Above Average

## Comments

Took good direction to target and no glitch or wobble in delivery. Allowed him to throw consistent K's.

**Control**

5 - Above Average

**Comments**

Maintained FB command throughout.

**Fastball**

5 - Above Average

**Comments**

Most straight with some tail/bore action into RHH. Worked both sides of plate.

**Off Speed**

3 - Average

**Comments**

Basically changed speeds off FB whole game. Varied speed from 74-78.

## PLAYER SUMMARY

Well proportioned, athletic body with Semi windup delivery from 3/4 arm angle. Low elbow release at times. Most straight FB 76-78. Sink when down and in to RHH. Occasional bore action into RHH up around hitters hands. Perfect example of the recipe to pitch effectively. Changed speeds and located well. Future contributor at college level to compete as reliever with development of secondary pitches and minor mechanical adjustment in arm action.
