PROFESSIONAL BASEBALL GROUP

PLAYER EVALUATION

**Player's Name**

Jeremiah "Hank"
Kirkwood

Position

3B

Player's Number

88

Height

6'0"

Weight

160

Bats

Switch

Team

Spokane Expos

Throws

Right

Evaluation Date

Saturday, June 26, 2021

ATHLETIC SKILLS

Feet

5 - Above Average

Comments

As fluid and balanced as possible; very impressive considering his size; exceptional

Hands

5 - Above Average

Comments

Easy; sure; centers ball well; fundamentally sound

Reactions

5 - Above Average

Comments

Easy, quick, and natural; slows the game down

Body Control

5 - Above Average

Comments

Easy and always balanced; very unusual for a player his age and size; natural

Strength

5 - Above Average

Comments

Natural and easy strength; has a well above average large frame; strength comes easy, he does not try to exert it - it just flows; gifted; grace and explosiveness - this cannot be taught

Physical Development

5 - Above Average

Comments

Extra large frame with natural athletic ability; leverage; very active in small spaces; will have exceptional strength

BASEBALL SKILLS

Fielding

5 - Above Average

Comments

Well above average balance and feet; soft hands; solid natural fundamentals

Range

5 - Above Average

Comments

Well above average natural 1st step and reads; Major League actions

Running

3 - Average

Comments

The weakest part of his arsenal; for his size he is average; has agility and is not a clogger; can go 1st to 3rd and score on a hit from 2B

Arm Strength

5 - Above Average

Comments

Full arc with loose wrist; ball jumps out of hand

Arm Accuracy

5 - Above Average

Comments

Always on the money; can throw off angle and on the move

Hitting Ability

5 - Above Average

Comments

(Only Saw from Left Side): Upright with slight bend in knees; hands in at shoulder with an erect bat; easy, soft, short stride; well above average rhythm; dives; comfortable with ball getting close to his body; great balance and field care; low anxiety; projectable flick ability; will release bat too deep at times thinking pull too much.

Power Potential

5 - Above Average

Comments

Ball jumps off bat with well above average explosion; large frame, leverage, and hit ability for big power in future - to the whole field - miss hit power.

PLAYER SUMMARY

Best package that I saw at tournament; a natural baseball player: instincts, confidence, easy talent, low anxiety, competitiveness, handles adversity, passionate; now ability with big upside; Major League Actions.
