## Comments

Above average potential, large frame, aggressive.

# PLAYER SUMMARY

Exciting player in this age group. Leader on his team and takes charge on the defensive side. Good baseball family pedigree, excellent instincts for the game. Possesses a 2B body type, but could play 3B in high school or college and actions are suited for both. Flashy with the glove, can be reckless trying to force the action, but maintains confidence and consistent performance on routine plays. Jett is unique at the plate, staying within himself, doesn't try to do too much and is solid lead off hitter who will show long line drive power from foul line to foul line from the left side.
