## **PLAYER SUMMARY**

### **Summary/Action**

Solid chance to play past college. Needs to stay at SS and develop. Athleticism makes him a plus defender and he needs to be around the ball as much as possible. Hands and feet work well together in the field and arm will continue to develop. Needs to get on consistent throwing program for future development. Aggressive player that will impact the game defensively and offensively. Short quick stroke with pop to gaps. Needs to stay with that approach. More power will come as he matures no rush here. Needs to use speed by learning to bunt for hit. Has base stealing ability but must work on leads, reads, and breaks on bases. Good looking prospect here with plenty of upside. With practice and reps he will become a very solid baseball player.
