PLAYER SUMMARY

Summary/Action

In future will be CF beyond High School with offensive and defensive skills. Need to make some adjustments at the plate. Drills that will help: Front toss from about 15 feet and try to hit up the middle to rightcenter. Also a batting tee inside a batting cage.place the ball on the tee at the top of the strike zone and try to hit line drives to the back of the cage. Suggest that during batting practice that you hit no more than 10-12 each round and hit as any rounds as you feel are productive. Make sure anytime you are hitting to try and see the ball out of the hand until it hits the bat. Defense is good but to go to another level get as many balls as possible off the bat during batting practice. Long toss is a great thing. Feel lucky that you have somebody to play long toss with and take advantage of it.
