## **PLAYER SUMMARY**

### **Summary/Action**

A solid LHP in the making. High IQ and comprehension of his mechanics, his pitches and importantly HOW he is pitching and getting people out. Will pitch to contact and let defense work, but not afraid to go for strikeout when he sees an opportunity. Change up and two seam fastball, both riding down and away to RH batters are his out pitch, set up well by spotted 4 seam and breaking balls. Shows confidence in his stuff and goes out to compete when he is on the mound. Has work to do to master the off-speed, with tendency for the arm speed to drag slightly, can get him underneath the ball at release and leave ball up in zone. Will need to work command and control before velo to be his go to tool when thinking about playing and developing for the next level.
