PLAYER SUMMARY

Take charge player, a true "catcher" in actions and how he carries himself. Works well with his infielders, shows good baseball awareness and has the freedom to improvise and take advantage of opportunities. Exciting catch and throw guy who is hard to miss on the field, on either side of the ball. Raw pullside power, paired with an aggressive approach and tendency to let it all go at the plate. Refining the offensive approach, learning how to use power consistently could make him exciting player to watch in next few years.
