PLAYER SUMMARY

Summary/Action

Physical young player that will have chance to play beyond high school. Solid defender all around at 3B. Strong arm and shows no fear at that position. Has ability to pitch but needs to focus attention at 3B. Bat will be the separator for him. Power will develop as he develops. Thunder potential will make him a middle of the line up run producer. Will need to work on flexibility and tighten up body. Plus future here with focus on body development and maintaining skill set.
