PLAYER SUMMARY

Summary/Action

Xtra Large frame athlete LHP with a big velocity fastball; fastball also has late explosive action and is never straight; Slider, Changeup, and delivery were lacking, but in all honesty and fairness, the player was battling a faulty mound; this player has a special natural tool in his arm strength; all of his other tools can be substantially improved with work and maturity; this young man is a BASEBALL PLAYER, with game instincts, low anxiety on the field, and a love for the game; with work and development see as Top of The Line Division I Starting Pitcher with a strong chance to play Professionally beyond College
