PLAYER SUMMARY

Summary/Action

Solid HS player with strong chance to play beyond. LHH that also pitches. Best suited to be in field for better future opportunities. Can play the field but throwing slot creates problems on throws. Needs to get arm up to at least 3/4 and get a long toss program. Aggressive hitter that swings it. Needs to maintain that aggressive mind set. As a LHH with speed bunting program a must. As is base stealing. Both need to be incorporated in his game and used at some point in games played. Player with solid upside but needs to focus on him physicality and baseball skill set. High ceiling here if develops these areas.
