PLAYER SUMMARY

Summary/Action

Future to play above high school and perhaps beyond. Strong catching skills set here. Solid catch and throw guy. Has trouble with feet and hands working together at times which effects throwing. Strong arm but mechanics need work. Bat is an issue at this time. Muscles up trying to creates power which slows bat down. With work to shorten stroke and focus on line drives he will get more out of bat. Strong leadership skills here as well. Plenty of upside here with correct instruction and consistent work.
